 - Units Available: _____
 - Notes on Sperm Morphology at Collection: _____

 - Notes on Sperm Morphology after Thawing: _____

Storage Facility Information:

Name: _____
Address: _____
Phone Number: _____

LEGAL DISCLAIMER:

Please note that, should your donation be accepted, all legal owners of the frozen semen will need to execute an agreement that will contain representations by all the legal owners of the frozen semen. These representations will include, but are not limited to, a representation that all legal owners have signed the agreement, they have the legal capacity to do so, they have good and valid title to the semen, that there are no liens, security interests, charges or other encumbrances with respect to the semen, that there are no contractual restrictions with respect to the semen or its use, that the semen was in fact derived from the dog listed, that the conveyance is irrevocable and unconditional, that the parties consent to the use of the frozen semen for research or other purposes and a relinquishment of any data or resulting invention which may result from usage; waiver, surrender, and relinquishment of any rights, title and interest in any resulting litters and its members; and representation that all information supplied is true and accurate.

In addition, the AKC PPB will require that the photographers who photographed the dog as well as the owner of the dog at the time the picture was taken grant a license and consent to the AKC PPB's use of the image.

Please attach any relevant photos (front, side, etc.) of dog in this space, or links to videos showing movement.
